## Profile

A junior developer who knows full stack development. I am relatively new to the field, however I am eager to develop professionally and personally. I also attend college where I hope to gain a bachelors in engineering in the next few years.

## Languages

I know HTML, CSS, Javascript, Node.js. I have experience making web pages that can access APIs, have javascript that dynamically changes the page and adds functionality to it, and CSS to have stylized design. I have utilized API calls utilizing JSON.

## Education

UCLA coding bootcamp. - 2020

Attending college at Santiago Canyon College - preparing to transfer.

Highschool Diploma from Orange Lutheran HS - 2017

## Previous Work Experience

### **BARISTA, HERST COFFEE ROASTERS; NEWPORT, CA | FALL 2019- EARLY 2020**

- Quick paced high quality customer service and emphasis of knowing the regular customers.

### **WORKSHOP EMPLOYEE, NEWELL DESIGN INC.; ORANGE, CA | ON/OFF 2013-PRESENT**

- The business specializes in making designer furnishings for high end residences.
- Proficiency at every step in the furniture making process, and I learned how to TIG weld for our metal parts.
- I also have done the installation of pieces and helped represent the face of the company at events.

### **CAR SALESMAN, VW OF IRVINE; IRVINE, CA | 2018**

- Provide excellent service, show knowledge of the products, and have every customer question answered.

### **SOCCER COACH, COERVER TRAINING; IRVINE, CA | 2017-2018**

- Coaching program for younger athletes, ranging anywhere from 6-16.

-Responsible for coming up with the days drills, set up, running the sessions with other coaches, and tearing everything down at the end.
